APart **MICROPHONE**

MICPACB-D / MICPACB-X

This APart paging microphone is a sturdy high quality CB-type microphone.
It is convenient for fixed on-wall use, or in combination with car- or mobile amplifiers.
The special microphone capsule is designed for clear voice reproduction while close talking.
This allows clear announcements done in noisy environments.

The MICPACB has also a switched contact for activating a CHIME or other actions such as PRIORITY.
The APart amplifier range has several models which can be directly operated by this MICPACB.

Technical Specifications

- Type : CB
- Polar pattern : Omni-directional
- Frequency range : 100 Hz - 8 kHz
- Sensitivity : 2.5 mV/PA @ 1 kHz
- Rated output impedance : 300 Ohm
- Switch : Push to talk switch
- Cable Type : 3 wire + screen
- Cable length : 0.5 m (1.5 m extended)
- Connector : 5 pole DIN or 5 pole XLR
- Colour : grey
- Weight (incl. cable) : 0.18 kg
- Dimensions 90 (h) X 60 (w) X 47 (d) mm
